*C Brancusi*

When you see a fish  
you don't think of its scales, do you?  
You think of its speed, its floating,  
flashing body seen through the water...  
If I made fins and eyes and scales,  
I would arrest its movement,  
give a pattern or shape of reality.  
I want just the flash of its spirit.

Constantin Brancusi

*Henri-Matisse*

Don't try to be original.  
Be simple.  
Be good technically,  
and if there is something in you,  
it will come out.
